I Heard It in the Movies!

Garden State
Philharmonic
Anthony LaGruth
Artistic Director & Conductor

You loved the movie, but what made it a memorable? Have you ever been paralyzed with anticipation? Had the feeling you were flying? Felt suddenly compelled to put your arm around your date? Or, felt the need to cry? Since the days of silent film, classical and classically-inspired music has been the reason. The **2011-2012 Masterworks Series*** promises to take audiences on an emotional journey through some of the melodies that have kept us glued to our Cinema seats and elevated the movies we love to legendary status. Films featuring selected works are noted in parentheses.
